

POLICE AFRAID TO MAKE A MOVE

Doubt and Uncertainty in the Burdick Murder Case.

SOCIETY PEOPLE INVOLVED

SOME OF THE SUSPECTS HAVE EMPLOYED LAWYERS.

SALT LAKE, N. Y., March 6.—Despite the fact that the police and the officials of the district attorney's office have declared repeatedly and continue to assert that they were really certain of the identity of the person who murdered Edwin L. Burdick, and that the person was a woman, they still hesitate to make a decisive move. An official in a position to know the exact situation was asked:

"Do you expect an arrest today?"

"No, not today or tomorrow or the next day. We must have strong evidence when we arrest anybody, for we know that as soon as an arrest is made lawyers are standing ready to apply for a habeas corpus writ to rush into court and make us disclose our case at the first jump."

The Name Withheld.

"Does suspicion still point to a woman?"

"It does. It points to one who had to meet expenses amounting to about \$100 a month without any visible means to meet them. We will name no names until it is written in the warrant charging the person with murder in the first degree."

Perhaps the most interesting development in connection with the crime itself is the interview given by Dr. May, in which he said that the victim's "dead" was not only beaten to a pulp, but that the murderer carefully wrapped a quilt around the murdered man's body to smother any possible outcry. If the blows on the head had not been fatal the victim certainly would have smothered in the tight folds of the quilt around his head and the upper part of the body.

Payne Retains Lawyer.

W. E. Webster of Batavia, who is one of the attorneys for Howard Benham, has been retained by Dr. S. T. Payne. He does not specifically say that he is retained in view of the complications involving Mrs. Payne in the Burdick murder case, but in an interview he showed that he has been in constant consultation with Dr. Payne and stands ready to act promptly if any act of the Buffalo authorities should threaten the liberty of his client's wife. Mr. Webster protested strongly against the action of the police toward Mrs. Payne, and declared that they dare not arrest Mrs. Payne.

The Weapon Used.

Today Chief of Detectives Cusack made an interesting statement regarding one of the details of the murder case, on which heretofore he has not talked. Mr. Cusack was asked if the authorities had determined on the kind of a weapon that was used in committing the murder. He replied that he did not believe that was the instrument used. The name of a woman which has been under the searchlight of the authorities for several days, it is said, has been dropped. The evidence which they have been expecting has not been found, and they have been brought to bay in that direction.

The report of Chemist Hill, it is stated on good authority, will state that no poison was found in Burdick's stomach.

Buffalo, March 7.—Early this (Saturday) morning the police are at work on a new clue in the Burdick murder mystery.

They have found a hackman who drove a young woman to the corner of Ashland avenue and Summer street near the hour of the murder. She carried a satchel and a trunk. The police are investigating some of the women who were in the Burdick family.

Woman With Red Hair.

It is said that the red woman in the case has a husband.

Several days ago it was reported that the police were in search of a red-headed woman, but the report was emphatically denied by the police and at the district attorney's office.

It is even intimated that hints and suggestions dropped by the authorities during the last two or three days have been a blind to cover up the real object of their investigations. In working the other clue they run across certain evidence that led them to believe that they were on the wrong road. Instead of breaking off their work abruptly it was continued, but with less vigor, while the new evidence was sifted out.

FIGHT IN SALOON.

Sylvester Tedesco, proprietor of the Overland saloon on West Temple street, assaulted W. W. Best last night and beat him up so badly that three stitches were required to close a wound on his forehead. The trouble started over Best neglecting to pay for some drinks, whereupon Tedesco proceeded to "put the fix on him." The result was that Best was soon down and out. Two policemen happened along at this juncture and took the men in charge. It is claimed by Best that Tedesco used a pair of brass knuckles in his assault.

POLL TAX OF \$100.

Ottawa, Ont., March 6.—It is understood that the government intends introducing a bill at the next session of parliament which will require a poll tax of \$100.

This is in connection with the request of the Chinese and Japanese communities.

SMOOT FINDS SOME SUPPORT

Washington Presbyterians Decline to Enter Fight.

APOSTLESHIP IS NOT A BAR

LEILICH'S CHARGES NOT SERIOUSLY CONSIDERED.

(Special to The Herald.)

WASHINGTON, March 6.—The Presbyterian Ministerial association of this city has declined to ask the Salt Lake Ministerial association in its fight against Senator Smoot. A prominent Presbyterian minister has written a letter to one of Smoot's friends in which he says:

"The protest of the Salt Lake association was presented to us for consideration and approval. The subject was generally discussed and the sentiment of our association was emphatically that Smoot's relations to the Mormon church could be no barrier to his admission to the United States senate."

"That he has just as much right to that position as a high official of any other church, and it is a matter of history that ministers and bishops of other churches have aspired to hold high public office. The protest concedes that neither polygamy nor any other form of lawlessness could be charged against Smoot, and for that reason we could not see our way to endorse the protest of the Salt Lake Ministerial association."

This letter will be presented to Senator Smoot for his use, if he deems it necessary, with the committee on privileges and elections. The writer of the letter does not think seriously of Rev. Leilich's charge of polygamy against Smoot, and his charge will not affect the attitude of the ministerial association.

Senator Smoot has gone to New York to remain until Monday. Senator and Mrs. Kearns will start west tomorrow. Mrs. Kearns will return to Salt Lake City. The senator will accompany her as far as Chicago and then return here to remain for the remainder of the session.

Representative Sutherland left here this morning for Utah.

IDAHO LEGISLATURE.

A Number of Bills Passed by Each House.

(Special to The Herald.)

Boise, March 6.—The senate passed three house bills, as follows: Providing for \$50 annual license to clubs where liquors are sold; general irrigation bill, dividing the state into three districts; and a bill authorizing a commissioner to adjudicate water rights; preventing animals with contagious diseases from running at large. The last bill was beaten and reconsidered yesterday.

The senate passed a large number of bills. Providing that a physician may testify in damage suits without the consent of the patient; making it a misdemeanor for travelers to leave farm gates open; providing a fine for securing money under false pretenses; distributing fines collected in cities, one-half to school and one-half to general fund; appropriating \$500 for new library cases; creating Roosevelt county out of the northern part of Kootenai county; requiring the numbering of all records filed in county offices.

The house passed senate bills issuing \$100 in bonds to erect an armory and gymnasium at the state university; giving a wife additional power in the disposition of community property; preventing non-members from wearing secret society emblems or buttons; and a bill relating to taxation of stock and rebates thereon; for inspection of livestock before shipping from the state; providing money from fines and forfeitures to go to the common school fund; for protection of hotel keepers.

The house passed a bill providing a penalty for stealing rides on railroads; regulating the election of school trustees; general appropriation bill, carrying \$292,901.

WILL TACKLE INCOME TAX.

Bill Will Be Introduced Today in Amended Form.

Although the legislative committee is of the opinion that a hole will be knocked into the income tax bill large enough to drive a coach and four through, it will be introduced in both houses today in an amended form. A meeting of the joint committee was held at the Commercial club rooms last evening to discuss the measure and it will meet again at 9 o'clock this morning.

Senator Murdoch was the principal speaker in favor of the bill last evening. Senator Love, who was present at the invitation of the committee, expressed his doubt regarding the constitutionality of the bill. He favored it originally, but believed the press of the city and public sentiment would be against the measure. The bill was believed to be the best way of raising the tax fund without increasing property valuations. Motions were made amending the amount to be exempted from taxation to \$200. The matter of the constitutionality of the bill. The rate was also amended to 1 per cent instead of 2 in the original bill. An amendment affecting the disposition of the funds was also made.

GORMAN AGAIN CHOSEN LEADER

Maryland Senator Elected Chairman of Democratic Caucus.

THERE WAS NO OPPOSITION

COMMITTEE VACANCIES TO BE FILLED AT ONCE.

(Special to The Herald.)

WASHINGTON, March 6.—The Democratic senatorial caucus, which met at 11 o'clock today, organized by electing Senator Gorman as chairman of the caucus. He made a brief speech in assuming the chair and the conference then proceeded to other business. There were present twenty-eight of the thirty-three Democratic senators.

Senator Gorman's nomination as chairman was suggested by Senator Bacon and there was no opposition to his selection. On taking the chair he thanked the senators for the honor conferred, but did not make an extended speech. The remaining time of the session was devoted largely to the discussion of the present situation in the senate and the necessity for domestic harmony and unity of action.

There was a general feeling that the vacancies caused by the retirement on this day of the members of the committees which have to deal with questions before the present called session should be filled, and it was directed that the designation of the members of the committees should be made by a steering committee to be appointed by the chairman of the caucus, but that their selection should later be ratified by the caucus.

New Committee.

The steering committee for the past congress has numbered only seven members, but Senator Gorman requested that the number should be increased to nine, which was agreed to in the day of his previous chairmanship and this increase was decided upon. Mr. Gorman will make his selection of members of this committee in time to have a meeting tomorrow, when the question of supplying the vacancies on the regular committees of the senate will be taken up. The caucus placed in the hands of the steering committee authority to decide for the Democrats whether there should be a general reorganization of the senate committees or the mere filling of vacancies in those committees.

The committee is empowered to negotiate with the Republican steering committee with a view to agreeing on a general reorganization, but so far as there was expression of opinion on this point it was favorable to the view of leaving the question of reorganization on general lines to be determined by the Republicans, as they are in power. There is no doubt that the Democratic steering committee will insist upon having some of the committees filled for the reason that the Democratic party has lost quite heavily in the last congress. The money will be expended in furnishing some one line of books. The names of the young ladies in the library will be put on the name plate as the donors of these books.

BECKHAM IS ELIGIBLE.

Kentucky Governor a Candidate to Succeed Himself.

Versailles, Ky., March 6.—Judge Cantrell, in the Woodward circuit court this afternoon, overruled the demurrer of A. C. Young, chairman of the Democratic state committee, to the petition of Governor Beckham for a mandamus to compel Young and the Democratic committee to place his name on the ballot for re-election to the Democratic state primary on May 5 as a candidate for governor. Young had refused to place Governor Beckham's name on the ballot because of the question raised as to his eligibility. The attorneys for the defendant immediately entered exceptions and an appeal was granted to the court of appeals. The purpose of the procedure is to enable Beckham to test his eligibility to succeed himself as governor.

"ALFALFA CLUB" MEETS.

Country Members Log-rolling Over Road Appropriations.

The "Alfalfa club" of the house met in regular session last evening in room 208 of the Kentucky. There was a full attendance, and a hot time. The biennial subject of roads and bridges and getting the state's money for that purpose was under consideration, and the log-rolling did not proceed with as great celerity as the Alfalfa members might desire. Several other meetings will be necessary.

A NEW DEPARTURE.

A New, Effectual and Convenient Cure For Catarrh.

Of Catarrh remedies, there is no end, but of catarrh cures, there has always been a great scarcity. There are many remedies to relieve, but very few that really cure.

The old practice of snuffing salt water through the nose would often relieve, and the washes, douches, powders and inhalers in common use are very little, if any, better than the old-fashioned salt water douche.

The use of inhalers and the application of salves, washes and powders to the nose and throat to cure catarrh is no more reasonable than to rub the back to cure kidney disease. Catarrh is just as much a blood disease as kidney trouble or rheumatism, and it cannot be cured by local treatment any more than they can.

To cure catarrh, whether in the head, throat or stomach, an internal antiseptic treatment is necessary to drive the catarrhal poison out of the blood and system, and the new catarrh cure is designed to do this and the remarkable success of Stuart's Catarrh Tablets is because being used internally, it drives out catarrhal infection through action upon stomach, liver and bowels.

William Zimmerman of St. Joseph relates an experience with catarrh which is of value to millions of catarrh sufferers everywhere. He says: "I neglected a slight nasal catarrh until it gradually extended to my throat and bronchial tubes and finally even my stomach and liver became affected, but as I was able to keep up and do a day's work I let it run along until my hearing began to fail me and then I realized that I must get rid of catarrh or lose my position, as I was clerk and my hearing was absolutely necessary."

"Some of my friends recommended an inhaler, another a catarrh salve, but they were no good in my case, nor was anything else until I heard of Stuart's Catarrh Tablets and bought a package at my drug store. They benefited me from the start, and in less than four months I was able to do my work as usual. I am now a healthy man, and I feel that, although I had suffered nearly all my life from it."

"They are pleasant to take and so much more convenient to use than other catarrh remedies that I feel I cannot say enough in favor of Stuart's Catarrh Tablets."

mitted reported that four cases of mild contagious diseases had been quarantined. The report also stated that the health officer reported that the charge against Principal Ames of the Mount Fort school of violating the quarantine regulations had been withdrawn.

REVOKED AUTHORITY.

Judge Rolapp Disposes With Delinquent Estate Officers.

Judge Rolapp yesterday revoked a number of letters of administration and of guardianship for the reason that the officers had failed to file the inventories as demanded. In the following cases the letters of administration were revoked:

Estate and guardianship of Pearl Williams, Sarah Williams, guardian.

Estate of Anna S. Henshaw; Nels Hansen, administrator.

Estate of Elizabeth Malan; J. D. Malen, administrator.

Estate of H. A. Scherer; C. Scherer, administrator.

Estate and guardianship of Howell Evans; Anna George, guardian.

Estate of George Hayes; G. J. S. Ables, administrator.

Estate of James C. Henderson; F. J. Henderson, administrator.

In the following thirty days' additional time was granted:

Estate of William Dillard; A. S. Condon, administrator.

Estate of J. P. Jones; A. S. Condon, administrator.

Estate of Orville Duncan; A. S. Condon, administrator.

Estate of William Sheaf, deceased; the first administrator was revoked.

Estate of Gideon Holmes, deceased; the petition for the confirming of order for sale of real estate was granted.

Estate of H. A. Scherer, deceased; the petition for allowance, settlement and approval of the administrator's accounts was granted.

Thompson vs. Union Pacific Railroad company; set for trial May 5.

Cook vs. Becker; set for trial May 7.

COACHEMAN STOLE VALUABLES.

John Lund Arrested on Warrant From San Francisco.

John Lund of California, stepped off the train into the arms of half the force of Ogden's police yesterday morning. Lund was arrested on a telegraphic warrant from the police of San Francisco, charging him with larceny. At first Lund claimed that his name was Smith, and denied being the person wanted, but later gave in and agreed to go back without resistance. In his possession were some valuable gems and \$15, but later gave in and agreed to go back without resistance. In his possession were some valuable gems and \$15, but later gave in and agreed to go back without resistance.

Thomas M. Smith Dead.

Thomas M. Smith died yesterday of pneumonia, true hearted and by excessive and prolonged drink. But little is known of his relatives, but friends cared for him during the last few days of his illness and had medical attention for him. He has lived in Los Angeles and Philadelphia.

Ogden Briefs.

J. C. Thompson of Provo was yesterday an Ogden visitor.

George W. Edgington was in Ogden yesterday from Coalville, where he is a member of the Ogden Yacht club. He is a member of the Ogden Yacht club. He is a member of the Ogden Yacht club.

"Camille" is the matinee bill today for Florence Roberts. The evening production will be "The Unwelcome Guest."

W. T. Boardley, who has been in the Philippines for a few months, has called from Hongkong that he is en route home.

The Ernest Gamble Concert company, the last of the series of attractions in the Lyceum course, is to appear at the Congregational church Tuesday evening.

A contest between a Rio Grande Western engine drawing a number of passenger coaches and a box car took place in the Ogden yards yesterday morning. The cars were considerably damaged and two switchmen lost their jobs. Nobody was injured.

The S. O. B. club has turned over to the directors of the public library a check for \$175 as their donation towards the purchase of books.

The names of the young ladies in the library will be put on the name plate as the donors of these books.
